Dear Trip Organizer

Why not plan a field trip that will be sure to fill the bus!

Mount Pakenham is eastern Ontario's top destination for school programs. With over 50 years of experience; an innovative Station Teaching Format for beginners; a Graduated Lift Access Program to ensure student safety; a sophisticated pre-set rental assignment program; and an easy to use online reservation system, teachers choose Mount Pakenham for simplicity, safety, fun, and learning. Let us work with you to ensure the success of your school outing. Our Outdoor Recreation through Skiing, Snowboarding, and Snowshoeing in Schools Video is available online to help you and your students prepare for your trip.

Outdoor Recreation

We can assure you our "Outdoor Recreation through Skiing, Snowboarding, and Snowshoeing" program will meet and exceed the overall and specific expectations outlined in the Health and Physical Education Curriculum. It is our policy to ensure that our programs stand behind and follow the safety guidelines set forth by your Board, the Ministry of Education, Ontario Ski Resorts Association and especially the "Physical Education Ontario Safety Guidelines" recommended by the Ontario School Boards' Insurance Exchange (OSBIE) and OPHEA (Ontario Physical Health Education Association).

Chairlift Readiness Assessment and Group Lessons

In order to ensure student safety, Mount Pakenham's certified pros assess all skiers and snowboarders to determine their ability; assign a lesson time; and grant access to ability-specific terrain. After successful completion of the assessment, students will ski/ride safely until their assigned group lesson time (beginner lesson begins right away). Students will meet for their lesson at the Snow School Meeting area where they will be assigned an instructor and given a 55 minute group lesson.

Beginner Centre: Safety*Fun*Learning

Unlike traditional beginner lessons, our Station Teaching Format allows students to develop skills at their own pace. Skiers and boarders will complete up to 7 Stations with coaching from CASI and CSIA certified instructors. After successfully completing all 7 stations, the students may be ready to use the chairlift independently. Students that do not complete all 7 stations can continue to practice at the Beginner Centre throughout the day. The Beginner Centre is staffed with certified pros from 9am - Noon and 1pm - 2pm Tuesday to Friday (times may vary depending on #'s and arrival times)

WINTER OUTDOOR WONDER

Snowshoeing Orienteering* Nature Trivia Challenge

Mount Pakenham's WOW program is a wonderful alternative for the non-skiing student and younger grades.

Designed to complement the social studies curriculum offering: snowshoeing, control style orienteering, nature trivia and a whole lot more! This program also includes a Scat & Track Trail—listen to the students giggle as they match up animal scat and tracks! This all-inclusive program will guarantee that your students will have an answer for their parents when they are asked the question: "what did you learn at school today?"

Attention High School Teachers and Students

TEACHERS/EDUCATORS/PARENTS

Mount Pakenham tops the region as the destination for school trips, after school, high school racing, riding, and snowshoe adventures. That's why Mount Pakenham was chosen by Algonquin College to teach skiing and snowboarding to the college's popular Outdoor Adventure Program. Safety is our top concern with beginner terrain and lessons for everyone. If your school would like to participate, check www.mountpakenham.com for more information and to watch our information video. Special rates for organized student groups of 20 or more. Tuesday-Friday 9am-9pm.

"Phys Ed" was never so much fun!
